

EYESENTINEL - Clinical Diagnostic Report

AI-Powered Ocular Screening & Triage System

Patient ID / Session: BATCH-ALL-SUMMARY

Primary Diagnosis: Multi-Patient Cohort Analysis

Confidence / Risk Score: 91.27% Accuracy

Clinical Notes & Recommendations:

The analysis is generated by EYESENTINEL deep learning diagnostic pipeline utilizing structural optic disc segmentation cues and Grad-CAM attention mapping. Immediate clinical evaluation by an ophthalmologist is recommended for high-risk flags.
